Thalabah Merino Stud was first registered in 1992. Prior to then the William's family, under the leadership of the patriarch John Williams, led the field in the medium wool stud industry for many years with the highly successful Koonwarra Merino Stud. This was sold to interests from Canowindra in 1998.

Thalabah Merino Stud was originally based on a selection of productive ewes from the Thalaba property. Rams from Glendonald, Billa Burra Burra and Carrabungla were judiciously introduced with the use of home bred sires. In later years specially selected rams from Greenland, Roseville Park and Grassy Creek have been added to the sire battery and are helping the stud to continue to improve. Two years ago Poll Merino rams from Jolly Jumbuck and Greenland studs were purchased with Thalabah Poll now a registered stud. A small selection of poll rams have been injected into this year's draft of sale rams.

This year we have purchased a new horned sire from Glendonald Merino Stud in Victoria and new poll sire from Alfoxton Stud in Armidale, NSW. The poll ram is a half brother to the Australian Supreme Ram of the Year 2019.

A major stud ewe program that was started six years ago is now flowing through into the quality of the rams available for your purchase. Thalabah now produce big framed, well covered sheep with bulky bright soft handling medium to fine medium fleeces.

The sheep are bred in a harsh climate and as a result are suitable to most areas. The sale rams were mid side sampled at the end of September 2019 - average micron 19.1, 3.2 SD, 16.4 CV and 99.5 CF for the 60 rams selected for the sale.

On behalf of Thalabah Merino Stud, we welcome you to our 13th On-Property Ram Sale and would like to take this opportunity to thank you for your support and extend an invitation to join us for light refreshments at the conclusion of the sale.
